Santa Barbara County Workforce Investment Board (WIB) member and Owner of Express Employment Professionals, Karen Dwyer commented, "I think since May was overly positive, it wasn't a surprise that the numbers leveled off a bit in June."

Ray McDonald, Santa Barbara County Workforce Investment Board (WIB) Director added that "the loss of jobs in some of the sectors could potentially be expected, as many of them (especially government) reach the end of their program year at the end of June when they look to recalibrate their workforce expectations."

In our local cities, the City of Lompoc remains at the top of the list with an unemployment rate of 11.3%. Lompoc is followed by Guadalupe with 11%, which increased from 9.7% last month. Santa Maria which had 8.8% percent unemployment last month, increases to 10% for the month of June 2013.
